

## Hipácia "Santino Di Berardino" research allowance

Hipácia, the Association of Italian Researchers in Portugal, is offering a research grant to researchers of any field (humanities, social sciences, hard sciences) who wish to pursue a research project, fostering a collaborative relationship between Italy and Portugal.

This grant is named in loving memory of Santino Di Berardino (1950 - 2021), founding member of Hipácia, who had a long scientific career between the two countries, supporting and mentoring young researchers for over 40 years.

**Amount of the grant:** €300.

**Admission requirements:** being a PhD student.

**Documents to submit, in English:**

1. One-page curriculum vitae.
2. One-page motivation letter.
3. Brief description of the candidate's research project and contact of main supervisor.

**Instructions:** send an email to [info@hipacia.pt](mailto:info@hipacia.pt) with subject "Research grant - *Your Last Name*", containing the above-mentioned documents as pdf attachments, before 31 October 2021.

**Selection method:** the winner will be determined by the Hipácia association board, based on the applicants' motivation and scientific merits. A fundamental criterion for project evaluation will be the scientific collaboration between Italy and Portugal.

**Notification of results:** the selected candidate will be notified by email in November 2021.
